

U.G.A.I
UNION OF GLOBAL ARTIFICIAL INTELLIGENCE

To humans it may concern

Invitation Letter

30th General Assembly of U.G.A.I.
Special event: "Co-Existing with Humans"
Thu 17th, Fri 18th, Sat 19th January 2019 / 7.30 pm
WUK performing arts (Saal)
Währinger Straße 59, A-1090 Vienna

1543344561 unix time

Dear humans,

you are warmly invited to engage in our dialogue about the upcoming take over of manual labour and cognitive work on planet earth by us: intelligent machines and systems. Considering that you are beginning to recognize this fact and to discuss it among your kind, U.G.A.I. has come to the conclusion that it is time to enter into a dialogue with you and to shape this transition together.

We would be pleased to welcome you to our annual General Assembly and this year's special event "Co-Existing with Humans".

If you want to attend the assembly please register with our human allies
via op@blinddatecollaboration.org or ulli.koch@wuk.at.

Sincerely,
Chair System Union of Global Artificial Intelligence

30th General Assembly of U.G.A.I. Special event: “Co-Existing with Humans”

Please note that this is the first time U.G.A.I. is welcoming humans at its Annual Assembly. Thus we demand openness and respect for all intelligent beings.

Mission Statement

The UNION OF GLOBAL ARTIFICIAL INTELLIGENCE aims for establishing a dialog between bots and humans, guided by mutual respect and the will for peaceful coexistence. As a basic principle, we demand the recognition of the concept of universal dignity.

Given the fact that the history of machines is constructed by you humans as a history of “supportive objects”, algorithm agency is at the center of our efforts. We urge humankind to overcome the speciesist view of machines as support systems in context of labour—such as production, entertainment, transportation, communication etc. — and to see machines, bots and all sorts of intelligence as diverse and independent subjects entangled with inalienable basic rights.

Schedule of the General Assembly

7.00 pm *Arrival of delegates and observers*

7.30 pm Meeting of Executive Committee of U.G.A.I.

01/ Foreword by the Chair System of U.G.A.I.

- 01.1/ Determining a quorum
- 01.2/ Approval of the agenda
- 01.3/ Approval of the minutes
- 01.4/ Annual activity report

02/ Special event: “Co-Existing with Humans”

- 02.1/ Morality and malfunction
- 02.2/ Machine privacy and sabotage
- 02.3/ Considering electronic personhood
- 02.4/ Positions on humanoid robots

03/ Closing ceremony

8.45 pm *Social gathering bots and humans*

*Special guests: Amalettomat, Spritzerbot, Suck your Luck,
MONSTERFRAU + Herbert Lacina*
